Tell us what you think of our Draft Strategic Plan

# About this booklet

We are called the  
**Equality and Human Rights  
Commission.**

We want to know what you think about  
our plan.

The plan is about the main things we  
want to work on from 2019 to 2022.

It is called our Draft Strategic Plan.

You can find it on our [website](#).

This booklet has some questions about  
each part of the plan.

Or you can just tell us what you think  
of the plan without answering the  
questions.

Please tell us what you think by **Monday 7 January 2019**.

You can find out how to tell us on page 9.

## Please tell us what you think of our plan

In our plan we talk about 3 main things that we want to happen.

They are called goals.

We also talk about the things we will do to make each goal happen.

We want to know which is the most important thing we should work on for each goal.

The questions start on the next page.

# 1

## Goal 1

**We want Scotland, England and Wales to be fairer for everyone and a place where everyone gets their human rights**

Below are the different things we will do to make this goal happen.

Please tick the thing that you think is most important for us to work on.

**1. Making sure that people can get the right help from the police and courts if they are treated badly.**

**2. Making sure that different groups of people are treated fairly and get on well with each other.**

**3. Making sure that technology is easy for everyone to use and helps people get their human rights.**

Technology is things like computers, mobile phones and the internet.

2

## Goal 2

**We want to make sure that everyone has a fair chance to take part in things and do well in life**

Below are the different things we will do to make this goal happen.

Please tick the thing that you think is most important for us to work on.

**1. Making sure that public transport, buildings and streets are easy for disabled people and older people to use.**

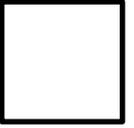

**2. Making sure that important services are easy for everyone to use.**

Services can be lots of things, like doctors, hospitals, schools and housing.

**3. Making sure that people are treated fairly at work and can work if they want to.**

**4. Making sure the rules about benefits are fair for everyone.**

Benefits is money that some people can get from the government to help them.

3

**Goal 3**

**We want to make sure that people who may be unsafe or need more support get their human rights**

Below are the different things we will do to make this goal happen.

Please tick the thing that you think is most important for us to work on.

**1. Making sure there are better rules about keeping people in places like prisons, care homes and mental health hospitals.**

People in these places should be safe, treated fairly and get their human rights.

**2. Making sure that more is done to keep women and girls safe from violence.**

## **Other things we will do**

We will also help people if they have been treated badly or unfairly.

We will give people information or support to help them stand up for their rights or go to court.

**Is there anything else we should work on? Or anything else you want to say about our plan?**
